

MatteBox MB 565

The new premium MatteBox

Clamp On MatteBox 565
Double (565-02)

MatteBox MB 565 CINE

The new MatteBox MB 565 has been developed to meet the rigorous demands of today's cinematic productions and unites virtually all conceivable applications in one product. It is designed both as clamp-on version and for use on 15mm or 19mm rods.

The MatteBox is freely expandable from one to three filter stages, each 360° rotatable. Using less filter stages is easily possible at any time.

Durable yet lightweight and equipped with a variety of essential features, the MatteBox MB 565 is designed for the latest fast and superwide lenses that feature an outside diameter of up to 150mm.

Due to its modular design, this versatile new MatteBox may be quickly customized to the individual requirements of each user.

The MatteBox MB 565 – is an all-round solution for professional light and filtering needs.
